

Dear client,

Congratulations on purchasing this virtually unknown secret information that will change your life forever! There are three options you have for obtaining this drug. (Please Note: Any clients who try to request a refund will obviously be denied the drug from these overseas pharmacy partners).

#1) You can use one of the pharmacies listed here in this section to order the drug without a prescription. We have pulled many strings to set these up for you. First place your order on their web site, then send them an email at their company email address and request western union payment info. They will then reply within a few days with the correct contact information on where to send their payment.

<http://www.meds-mex.com/store/product.php?productid=4324&cat=0&page=1>

#2) You can also order from this pharmacy below which is only about half the price of the above pharmacies per tablet. However, they will request you get a prescription from a doctor to order from them. Wouldn't your doctor want you to be free of this virus anyway? You can give your doctor our web site address for more info.

#3) You can actually make this drug yourself easier than you think and for less than the pharmacy prices (as little as \$20 plus shipping). Unfortunately people have tried to get a refund from us AFTER we've shown them how to do this. There are always a few bad people who make it difficult for the rest of us. However we can show you how if we have an absolute guarantee from you that you won't charge back our fee. An email (or letter) signed by you stating this must first be sent to our office at: HealthyOT@aol.com. Sorry for the inconvenience.

Note: You can also combine this drug with any of the standard herpes drugs if you like for even faster healing times. It can work as fast as 7 to 10 days if this is done.
